

Memorandum of Understanding (MOU)

Between

Linux World Informatics Pvt. Ltd.

(hereinafter referred to as "Linux World"), with its principal office located at Plot No 5, Krishna Tower, Gopal Nagar -A, Gopalpura Bypass, Jaipur - 302015, represented by Preeti Vimal Dagga, Chief Strategy Officer (CSO)

And

Arya College of Engineering

(hereinafter referred to as "ACE"), with its principal office located at SP-40, RIICO Industrial Area, Kukas, Jaipur, represented by Dr. Himanshu Arora, Principal

Purpose:

This Memorandum of Understanding (MOU) is intended to establish a cooperative agreement between Linux World and ACE for the purpose of conducting specialized courses, including but not limited to DevOps, Full Stack Development, Software Development Engineering (SDE), and Machine Learning for students in their 6th semester at ACE. These courses aim to equip students with industry-relevant skills through a combination of offline and online learning on a hybrid platform.

Scope of Collaboration:

Both parties agree to the following terms for successful execution of the training program:

1. Program Details:

- Training Courses: The program will cover a range of in-demand technical skills such as DevOps, Full Stack Development, Software Development Engineering (SDE), and Machine Learning.

- Hybrid Format: The program will be delivered through a blend of offline and online sessions.

- Program Duration: The training program will include a one-week offline bootcamp spread over period of time at ACE campus and a minimum of Seventy hours of live online sessions.

2. Program Components:

- Offline Bootcamp: A one-week intensive training spread over a period of time will be conducted at ACE campus to cover foundational concepts and practical exercises.

- Online Training: 70 hours of live, interactive online sessions delivered by industry professionals, covering advanced topics and practical applications in the respective fields.

- Soft Skills Training: Both technical and interpersonal skills will be incorporated, including communication, teamwork, and problem-solving exercises to enhance employability.

Kukas, Jaipur-302038 (Raj.)

- Project Work: Students will complete a project in their chosen domain, applying learned skills to real-world scenarios. Projects will be reviewed and uploaded to GitHub as part of the students' professional portfolios.

- Assessments and Certification: Linux World will facilitate assessments on platforms like HackerEarth or LeetCode. Upon successful completion, students will receive certificates.

3. Internship and Placement Assistance:

- Internship Offers: Linux World commits to offering internship opportunities to at least 40% of participating students.

- Summer Training Program: Students not selected for internships will have the opportunity to enrol in an extended summer training program to further hone their skills, preparing them for upcoming placements and future internship opportunities without any additional fee.

4. Financial Terms:

- Program Fee: Each participating student will pay **INR 2200, exclusive of GST**, as the course fee.

- Minimum Enrolments: A minimum of 300 students is required to commence the program.

- The commercials will be as decided by the Parties as per their mutual understanding as per mentioned below. All payments shall be made by DD/Cheque(s) in favour of **"Linux World Informatics Pvt. Ltd."** Following will be the schedule of payments.

Schedule of Payments	Schedule of Payment Amount
20% advance before the training starts	20% of the total amount on submission of Tax invoice.
After completion 50% of the training	40% of the total amount on submission of Tax invoice.
After completion 80% of the training	20% of the total amount on submission of Tax invoice.
After completion of the Training & Assessment	20% of the total amount on submission of Tax invoice.

- All invoices shall be raised in favour of **"Arya College of Engineering, Jaipur."**

- Taxes will be deducted as applicable.

5. Roles and Responsibilities:

Linux World:

- Develop and provide comprehensive course materials, including study resources and project guidelines.

- Facilitate the delivery of both online and offline sessions by qualified trainers.

- Provide access to online assessment platforms such as HackerEarth or LeetCode for evaluation purposes.
- Issue certification to students who successfully complete the course.
- Ensure the availability of internship placements and summer training opportunities in line with agreed commitments.
- Follow up of participation & attendance at enrolled students.

Arya College of Engineering:

- Promote the training program among eligible 6th-semester students to meet the minimum enrolment requirement.
- Arrange suitable facilities for the offline bootcamp, including classrooms, projectors, internet access, and any other necessary resources.
- Provide administrative support to assist students with program enrolment, fee collection, and project submissions.
- Oversee the participation and attendance of students in both the online and offline sessions.

6. Duration and Termination:

- This MOU is effective from the date of signing and will remain in effect until the completion of the program, including any follow-up training and placement assistance.
- Either party may terminate the MOU by providing 30 days' written notice to the other party, provided that all ongoing student activities and commitments are honored.

7. Confidentiality and Intellectual Property:

- Both parties agree to maintain confidentiality regarding any proprietary or sensitive information shared during the partnership.
- Intellectual property created during the course of this program, including course materials and project content, shall remain the property of Linux World, with usage rights granted to participating students.

8. General Provisions:

- This MOU is non-binding and is not intended to create any legally enforceable obligations.
- Any modifications to this MOU must be made in writing and signed by both parties.
